

Brightening Serum Drops

Exfoliate • Brighten • Renew

## WHAT IT DOES

A concentrated blend of AHAs, niacinamide, and fruit enzymes designed to gently exfoliate, refine texture, brighten uneven skin tone, and promote a more radiant complexion.

## HOW TO USE

### Evening Only

Apply 2–3 drops to clean, dry skin after cleansing and hydrosol. Avoid the eye and lip area.

### Frequency

Begin with one application per week and gradually increase to 2–3 times weekly as tolerated.

### Sun Protection

Always apply SPF during the day when using exfoliating products as part of your routine.

### BEST FOR

Dull skin • Congested skin • Uneven skin tone • Ageing concerns

### PRO TIP

Consistency delivers the best results. Start slowly, observe how your skin responds, and increase frequency only as your skin becomes comfortable with regular use.

### SAFETY

Patch test before first use. Avoid use on very sensitive, broken, or irritated skin. This product may increase sun sensitivity, so daily SPF is recommended.
